One of the founding organizations forming DECA in 1946, Georgia DECA's membership exceeds 12,000 students in 153 chapters across the state, ranking Georgia DECA the fourth largest state chapter world-wide.

While a majority of membership is in the metro Atlanta area, there are chapters in ten regions, including most of the other large metro and rural areas outside Atlanta.

Georgia DECA's recent expansion to the middle schools has proven successful under the guidance of "buddy" high school chapters in their districts.
